Dear Doris Mah:

On behalf of the 390,000 members of the National Union of Public and General Employees (NUPGE), I am proud to offer our endorsement of making May 10 the National Day of Action Against Anti-Asian Racism.

NUPGE represents members in thousands of jobs. We've heard directly from our members about their experiences with anti-Asian racism, both when it's directed at them and when they witness it in the workplace. We know the number and the severity of these incidents have increased during the pandemic. But our members are also part of society. When society is sick, it hurts our members, their families, their friends, and their community members. We fully support taking a strong stand against anti-Asian racism for the betterment of all Asian Canadians and Asians living in Canada.

As part of our Special Anti-racism Committee, NUPGE has been working on the creation of anti-racism material and is always looking for new ways to bring our members into conversations about anti-racism initiatives. We will share our endorsement with our members and encourage them to sign up for your E Rally on Zoom.

Thank you for your continued leadership on this issue.

In solidarity,

Larry Brown
President
